PRESS RELEASE

I-64 in Washington County from Clinton Co. Line to Jefferson Co. Line

The Illinois Department of Transportation today announced that on May 2, 2016 road construction will begin on I-64 in Washington County between mile posts 45 and 61 to complete pavement repairs. This will require both eastbound and westbound I-64 to be reduced from two lanes to one lane intermittently throughout this spring season. All work is anticipated to be completed before this summer.

Major delays are expected, and advance message boards will be utilized to alert traffic of real-time backups. Motorists should reduce speed and obey all warning signs when traveling through the work zone.

The General Contractor on this project is Kinney Contractors, Inc., of Raymond, IL. Steve Putz is the Supervising Field Engineer for this project for the Illinois Department of Transportation. If you have any questions concerning this project, you may contact him at 618-346-3350.
